Avenue Marceau apartment, Paris

G rard Faivre creates ready-to-live-in Art Homes. The living room of his fourth-floor project, close by the Arc de Triomphe, contains a Sahrai custom-size rug, designed by Gianfranco Ferr  and made in Nepal. Faivre says of his design process: 'Every detail is important in order to create a perfect harmony. Carpets are very important. The carpet gives warmth to the place and brings comfort.'
